MEMBERSHIP DIRECTORY

All members of the Association have been listed in alphabetical order without regard to type of membership. Corporate members are listed by the name of the corporation/business and not by the name of the representative.

Read the listings on each page from left to right and down the page as in conventional reading.

The type of each membership is noted by the following code:
(X) - Executive (A) - Associate (C) - Corporate (PK), (PA), (PC) - Prospective member in type of membership noted, application filed and awaiting Board action at time of publication.
(KE) - Executive Emeritus (retired from airport management, with honor from Association).

Members with the letters "CAE" following their names have achieved the status of "Certified Airport Executives", as conferred by this Association, in recognition of completion of stringent requirements concerning knowledge, experience and demonstrated ability to manage a public-use airport. The letters "AAE" following a member’s name indicates that the individual is an "Accredited Airport Executive" as recognized and designated by the American Association of Airport Executives, Inc.

Where provided, the name of the spouse of the individual member or corporate representative is listed.

A separate section is provided listing all corporate members according to types and kinds of products or services offered. The page number following the corporate member’s name refers to the page in the directory where the full listing of the corporate member can be found.

Del Canady
