OF THE
CALIFORNIA ASSOCIATION OF AIRPORT EXECUTIVES, INC./SOUTHWEST CHAPTER AMERICAN ASSOCIATION OF AIRPORT EXECUTIVES

ARTICLE 1 - NAME

This organization shall be known as the "California Association of Airport Executives, Inc./Southwest Chapter American Association of Airport Executives". The organization is a non-profit corporation formed under the laws of the State of California. The organization may be referred to as "CAAE/SWAAAE". Within this Constitution and By-Laws the organization will be referred to as the "Association".

ARTICLE II - PURPOSES

The Association was formed and continues for the following purposes:

A. To bring together all persons representing publicly owned and privately owned airports, and others interested in working for the benefit of airports and aviation, for mutual benefit in the operation of the various airports, the dissemination of aeronautical knowledge and the consideration and solution of various airport management and aviation problems.

B. To foster public recognition and respect for the airport executive profession.

C. To set and maintain a consistently high level of ethics in airport management.

D. To present a unified front in matters of concern to aviation, air transportation, and, specifically, airports.

E. To promote professionalism in airport management.

F. To support the purposes of the American Association of Airport Executives.

ARTICLE III - MEMBERSHIP, APPLICATIONS, CERTIFICATION AND REINSTATEMENT

Section 1. Membership in the Association shall be open to all persons or business entities who may be eligible for any class of membership enumerated in this article.
Section 2. Classes of membership in the Association shall be as follows:

a. **EXECUTIVE**, which is open to those persons who are exercising active responsibility for the management, general supervision or administration of a public use airport and who are engaged continuously in such activity as a gainful occupation. Additionally, the Executive membership class includes those individuals who have been awarded the status of "Certified Airport Executive (CAE)" by the Association and/or "Accredited Airport Executive (AAE)" by the American Association of Airport Executives. Those persons holding "CAE" and/or "AAE" status may be Executive members without regard to their current employment status or responsibility. The Executive members shall be removed from Executive class membership at the end of the fiscal year during which they no longer meet the criteria of position or responsibility upon which their Executive membership status had been granted. Members who lose their respective class membership and wish to remain members of the Association in some other class of membership are exempt from paying the initiation fee specified in ARTICLE IV, Section 1.

b. **ASSOCIATE**, which is open to any individual who is interested in and subscribes to the PURPOSES of the Association, as declared in ARTICLE II of the Association's Constitution and By-Laws.

c. **PARTICIPATING**, which is open to individuals employed in Federal, State or Local Governments in the field of aviation or airport development and to members of Airport Commissions or Airport Authority Boards.

d. **CORPORATE**, which is open to either public or private corporations who are engaged in activities relating to the use and promotion of airports or aviation or of products which are used in airport and aviation activities. Each Corporate member shall be entitled to appoint one representative who shall be authorized to represent the Corporate member at any meeting or other proceeding of the Association, except declared Executive sessions. Each Corporate member shall register in writing with the Association the name of the Corporate representative, the representative's title, residence and business address and the position of the representative relative to the Corporate member. No official action relative to the Association by the Corporate representative will be permitted until such registration has been accomplished.

e. **STUDENT**, which is open to individuals engaged in the study of airport management or related field at an accredited university or college with a programmed graduation date within six (6) years of application.

f. **EXECUTIVE EMERITUS**, which shall be open only to those Executive members who have retired from gainful employment in the field of airport management and who are selected to Executive Emeritus status by action of the Board of Directors. Executive Emeritus members who resume the duties indicative of Executive status may be returned to Executive class membership by action of the Board of Directors, upon written application and the tender of annual dues, as applicable.

g. **HONORARY**, which shall be conferred on those individuals specifically selected by the Board of Directors for their outstanding dedication and achievement in the field of airport establishment, development, administration, management or operation or in any related field of aviation.

Section 3. Applications for membership in the Association, other than for HONORARY or EXECUTIVE EMERITUS, shall be made on an application form approved by the Board of Directors. The application shall be accompanied by such supplementary information as is required on the form. With the application there will be submitted also a check in the proper amount to cover the cost of the initiation fee and membership for the first year, or portion thereof, as applicable. Applicants will be investigated, as necessary, by the Executive Director. Certificates of membership shall be issued by the Executive Director for qualified applicants for Associate, Participating, Corporate and Student Memberships. Applications for Executive Membership shall be submitted to the Board of Directors along with the report and recommendation of the Executive Director for final approval prior to the issuance of a membership certificate. Upon receiving the recommendation the Board of Directors shall either approve or reject the application. If rejecting the application for Executive Membership, the Board of Directors may offer a different class of membership to the applicant. If an application is rejected for any class of membership, or if the applicant refuses to accept the class of membership offered, there
shall be a full refund to the applicant of all money which was tendered for initiation and dues.

Section 4. The action of the Board of Directors shall be determinative and final on all matters relating to membership application and classification.

Section 5. No application shall be rejected on the basis of applicant’s race, color, creed, ethnic background, religion, political party, sex or any other reason related to bias or prejudice in any of its forms.

Section 6. CERTIFICATION. Executive members, after completion of six (6) months membership in the Association, may apply for consideration by the Board as a “Certified Airport Executive”. The member must have completed six (6) years in active airport management or have satisfied alternate requirements as specified by the Credentials Committee. Members so designated may use the initials “CAE” after his/her name in recognition of this certification.

Section 7. Reinstatement of a former member, upon his/her written request may be approved by the Board of Directors, providing the reinstatement is to the same class of membership formerly held. The request is submitted within two years following lapse of the earlier membership and the request is accompanied by a payment for the current year’s dues, or portion thereof, as applicable.

ARTICLE IV - INITIATION FEE AND DUES

Section 1. An initiation fee shall be paid by each person or organization being accepted into membership in the Association, with the exception of Honorary members. The initiation fee is payable also each time an applicant is accepted in a membership class other than that previously held, except that no initiation fee will be required of those persons who are granted Executive Emeritus or Honorary memberships and those persons being reclassified as a result of their losing the status and responsibility necessary to maintain Executive membership.

Section 2. Annual dues shall be paid by each member of the Association except those members designated as Executive Emeritus or Honorary members.

Section 3. Annual dues shall be due and payable as of July 1 of each year for the ensuing 12 months. Unpaid dues shall become delinquent on September 1 of each year.

Section 4. Members whose dues become delinquent shall be dropped from the active membership rolls of the Association and shall forfeit all rights and privileges of Association membership.

Section 5. The amount of the membership initiation fee and dues shall be set from time to time by vote of the general membership, upon recommendation of the Board of Directors. The amount of the current initiation fee and dues shall be stated in a published policy decision.

ARTICLE V - OFFICERS, BOARD OF DIRECTORS AND THEIR DUTIES

Section 1. THE ELECTED OFFICERS of the Association shall be the President, President Elect, Past President and seven (7) Directors. The elected officers shall be referred to collectively as the Board of Directors. An Executive Director shall be appointed by the Board of Directors and shall serve also in the capacity of Secretary of the Association.

Section 2. The President shall be the chief executive officer of the Association and shall preside over all meetings of the Association as well as the Board of Directors. He/she shall designate members of the Association, who are willing to serve during the President’s term of office, to one or more of the various committees which are enumerated in these By-Laws or which the President shall establish to fulfill a special function. He/she shall monitor the workings of the various committees, coordinating their efforts and encouraging their highest standard of performance. The President shall call special meetings of the Board of Directors when, and as, necessary to assure the smooth flow of Association business or to respond to developing circumstances which are an immediate concern to the Association or to a substantial portion of its members. The President shall undertake to perform such other tasks which in his/her opinion are necessary for the proper conduct of the Association’s business or which are specified in other sections of the By-Laws.

Section 3. The President Elect shall assume all of the duties of the President in his/her absence, inability or refusal to perform. The President Elect shall be the Chairperson of the Ethics Committee. He/she shall serve also as the Chairperson of the Time & Place Committee in the determination of the location for the Association’s summer conference. He/she shall perform such other tasks as are assigned to him/her by the President. The President Elect shall succeed to the office of the President in the event of the death of the President or the inability of
the President to function in that office.

Section 4. The Past President shall serve as a member of the Board of Directors for a period of one (1) year following his/her term as President. He/she shall serve as Chairperson for the Nominating Committee and shall advise the Board as to the eligibility of any member considered for a nomination or appointment to the Board of Directors as outlined in ARTICLE VI, herein.

Section 5. The Executive Director shall serve as Corporate Secretary for the Association and shall have the responsibility for providing administrative support for the Association, the Board of Directors and the President. He/she shall perform those duties specified in a contract negotiated with and approved by the Board of Directors. He/she shall be responsible for the screening and determination of eligibility of all applicants for Association membership. He/she is authorized to issue Certificates of Membership to eligible applicants for Associate, Participating, Corporate and Student classes of membership, and a report will be made at the next meeting of the Board of all certificates of membership which have been issued by the Executive Director since his/her latest prior report to the Board.

Section 6. The Board of Directors shall establish policy for the Association. The Board shall monitor the activities of the President and advise him/her in the performance of his/her duties. The Board of Directors is empowered to make any decisions and to take any action on behalf of the Association except those actions specifically reserved to the membership by the Constitution and By-Laws.

The Board of Directors shall act as the contracting authority for all matters concerning the operation, development and growth of the Association and the well-being of the membership. The Executive Director may negotiate and contract for conference requirements (hotels, meals, conference facilities, social activities, etc.) for the Annual & Winter Conferences, special events, workshops or other events designated by the Board. The Executive Director will advise the Board of all actions taken for these events at the next scheduled Board meeting following such actions.

The members of the Board of Directors are expected to attend Board meetings to assure the smooth and orderly flow of the Association’s business. Should any member of the Board of Directors be absent from two meetings in succession, that Director shall be prohibited from further serving on the Board unless a vote of the remaining Board members excuses the absence. In the event a Board member’s absence are not excused, a replacement Director shall be appointed and shall serve in accordance with the provisions of ARTICLE VI, Section 4.b. (below).

ARTICLE VI - OFFICERS QUALIFICATIONS, TERMS OF OFFICE, NOMINATIONS AND ELECTIONS

Section 1. Only Executive Members of the Association who are “Certified Airport Executives” shall hold elective office in the Association.

Section 2. The President shall have served in the office of President Elect prior to assuming the office of President of the Association.

Section 3. The President Elect shall be a “Certified Airport Executive” and shall have served as a member of the Board of Directors for at least two (2) years prior to assuming the office of President Elect of the Association. Such Prior service need not immediately precede the assumption of that office.

Section 4. The terms of office for the various officers shall be as follows:

a. President - one year. The President shall not be eligible to succeed himself/herself as President unless he/she shall have assumed the office midterm due to the office being vacated. If the office of the President is assumed with less than six months remaining in the term, the assuming President shall serve the balance of that term and be eligible to serve another full term.

b. President Elect - one year. Exceptions to the length of term are when he/she shall have been elected or appointed to the office midterm to fill a vacancy in the office of President. Under those circumstances the President Elect shall continue in office until the next general election. Should the office of President Elect be vacated midterm, a new President Elect shall be appointed by the Board of Directors from its remaining members, and the appointee shall serve in the office of President Elect until the next general membership meeting at which time an election shall be held to fill the office. In the event of a midterm appointment of the President Elect, the requirement for two (2) years of prior service on the Board of Directors is waived.
c. **Past President** - One year. In the event the Immediate Past President is unable or unwilling to serve, his position shall be filled by the Past President once removed. If this individual also is not available to serve, the Board of Directors may appoint an additional Director to serve in the place of the Past President.

d. **Director** - two years. Directors shall be elected at each Annual Summer Meeting of the general membership with three (3) Director positions being filled on the even numbered years and four (4) Director positions being filled on the odd numbered years. In the event a Director is unable to complete his/her term in office, a Director shall be appointed by the remaining members of the Board of Directors to fill the vacancy. The Director so appointed shall serve only until the next Summer General Membership meeting at which time an election shall be held to fill the office for either a full or partial term, as appropriate.

e. **Executive Director** - The Executive Director shall be appointed by the Board of Directors and shall serve according to the terms of a contract negotiated and approved by the Board of Directors and signed by the President and President Elect of the Association. He/she shall serve in accordance with the terms specified in the contract or until such time as the contract is terminated in accordance with the terms embodied in the contract.

Section 5. Nominations for the offices of President Elect and Director, as appropriate, shall be made by the Nominating Committee. Nominations also shall be accepted from the floor of the general membership meeting at the time of the election. Reasonable effort will be made by the Nominating Committee in selecting nominees for the elective offices to provide that the Board as finally constituted will have a range of representation relative to size and type of airports as well as geographical areas represented by members of the Association. The names of nominees, by office, shall be disseminated by the Executive Director to the Executive members on a printed ballot at least fifteen (15) days in advance of the meeting at which the election is to be held and the ballots counted.

Section 6. Election of officers will be by secret written ballot, and the results shall be collected, tabulated and announced during the first general membership meeting of the Annual Summer Conference.

a. Each ballot shall be printed with the names of the nominees for the various offices being sought, as appropriate. At least one blank space shall be provided for each office to accommodate the name of a write-in candidate.

b. In addition to the ballots which were mailed to all members in accordance with ARTICLE VI, Section 5., above, the Executive Director will have on hand sufficient copies of the printed ballots to allow for the vote of Executive Members present at the meeting. Executive Members not expecting to attend the election of officers may use the printed ballot which they received in the mail as an "absentee ballot". "Absentee ballots" may be marked and returned to the Executive Director by mail, messenger or in person for counting at the annual election.
